TWP. ROAD WORK

BUILD 31 CULVERTS AND ARCHES IN THREE WEEKS.

6 GANGS ON THE JOB

Trustee's Report Shows First of Permanent Construction Under $50,000 Bond Issue Costs $3,723.58.

For the last three weeks men have been busy at work in the different parts of Polk township building culverts and bridges, the first of the work done under the $50,000 bond issue for the permanent improvement of the township roads. In that time thirty-one concrete culverts and arches have been built at a cost of $3,723.58.

Five gangs of men have been doing the work, and have been putting in an average of ten culverts a day. Today a sixth gang was put on the roads and the work will progress faster. At this rate the township roads are rapidly being put into first class condition, and the best part of it is that the work will last; it will not have to be repaired every few months.

E. H. Bainum, township trustee, has just completed a report of the work done in the last three weeks, the number of culverts and arches, their location, and an itemized account of the material that went into each, together with the total cost.

No. 47—A culvert near A. B. Dowden's place, $64.30.

LIST OF READING CIRCLE BOOKS.

Supt. Oakerson, Member of State Board, Helps Select Readings For Teachers and Pupils.

County Superintendent Oakerson was in Jefferson City this week meeting with the state reading circle board, which selected the list of books for the teachers and pupils of the country and grade schools for next year. But two books were chosen for the teachers, "Teaching the Common Branches," by Dean W. W. Charters of the school of education of the University of Missouri, and "Education for Efficiency," by Davenport.

The list of books for pupils is:

Class A—"Cotter's Saturday Night," Thoreau's "Succession of Forest Trees," Dickens' "Christmas Carol," Irving's "Legend of Sleepy Hollow," "Enoch Arden," "Ivanhoe," Musick's "Stories of Missouri,' "The Merchant of Venice," "Hans Brinker" and "Around the World."

Class B—Harding's "Story of Europe," Andrews' "Ten Boys," "A Dog of Flanders,' "Hiawatha," "Boys of Other Countries," "Robin Hood," Carpenter's "Geographical Reader—North America."

Class C—Eggleston's "Stories of Great Americans for Little Americans," "Pinnochio," "Aunt Martha's Corner Cupboard," "Stories of Pioneer Life," "Story of Ulysses," "Wings and Stings," "Good Health," by Gulick; "Art Literature, Book 3," "Adventures of a Brownie," Chamberlin's "How We Are Fed," "Fifty Famous Stories Retold," "Language Through Nature, Literature and Art," "Nature in Verse," and "Seven Little Sisters."

Class D—Serl's "In Fableland," Smith's "Three Little Cotton Tails," "Hiawatha Primer," "The Tree Dwellers," "Fables and Folk Stories," "Art Literature Readers, Books 1 and 2," "Sunbonnet Babies," "Overall Boys," "Heart of Oak," Stevenson's "A Child's Garden of Verses," Anderson's "Fairy Tales," and "Household Stories."

WILSON AND BAD BUSINESS.

The Commoner Upholds Stand of President in Regard to Financial Depression.

The efforts of those who have been receiving an undue advantage at the hands of the government to "manufacture" a business depression have been exposed by President Wilson.

Monopoly, through its various channels of communication, is endeavoring to have congress adjourn without passing the anti-trust bills that will protect the public from the many forms of oppression that they have suffered from for years past. The plan of the "interests" is to have big business houses write letters to their customers and request them to write the president, their congressmen and senators and demand that all trust legislation be abandoned for the present and that congress adjourn and go home, etc., on the pretext that the effort of the president to protect the people from monopoly is hurting business.

Chambers of commerce, commercial clubs, and other business organizations are being requested by various interested groups to pass resolutions requesting that the railroads be given permission to raise their freight rates 5 per cent and that no anti-trust legislation be passed at the present session of congress. The president is to be commended for his prompt action in giving publicity to the "manufactured" business depression scheme, and for his insistence that the anti-trust bills shall be passed before congress adjourns.

Now is the time for every citizen who believes in "equal rights to all and special privileges to none" to take an interest in what is going on at Washington President Wilson is fighting for legislation to protect the people against monopoly. The reactionary senators and representatives in congress, supported by "big business," are endeavoring to block action by the senate and to force adjournment. If you believe in the Democratic platform adopted at Baltimore; if you believe the people are entitled to an "even break" with monopoly before the law; if you believe in the anti-trust bills now before the senate; if you believe in the honesty of purpose of Woodrow Wilson; if you believe that it will be better for business and all concerned to settle the trust question now, rather than keep the matter in doubt until next fall or winter, wire or write your senators and congressmen at once and give them your opinion as to whether they should stand by the president or stand with those who are opposing the president. Now is the time to secure the reform legislation the Democrats have been promising for twenty years. Your senators and congressmen are entitled to hear from you on these important matters. Don't delay, but wire or write them at once. —The Commoner.

COUNTY'S FOURTH

HOPKINS AND CONCEPTION JUNCTION WILL CELEBRATE.

DANGER IN FIREWORKS

Nodaway Will Be Comparatively Quiet Insurance Commissioner Issues Warning Against Carelessness.

The Fourth of July is but ten days off, and Nodaway county as a whole will be comparatively quiet and sane. For the first time in several years Maryville will not have a celebration. Hopkins and Conception Junction are the only towns in the county that are going to celebrate.

The complete programs for these towns have not been fully arranged, but they expect to make a big day of it. Both towns have shady places where their day's events will be held. The Hopkins celebration will take place in the new city park and the one at Conception Junction will be held in a grove at the edge of town, on the banks of the Platte river. Enough speeches, music, contests, attractions and fireworks will be provided to keep the day a busy one.

Although the sale of fireworks has become more restricted from year to year, and those sold here are of the smaller and safer kind, yet too much care cannot be taken with any of them. The fact that the day will be a comparatively quiet one over the county does not entirely mitigate the danger. Wherever fireworks are there is danger.

Charles G. Revelle, state superintendent of insurance, is out with a warning against the promiscuous use of fireworks and firecrackers on the Fourth of July. He calls attention to the fact that during the past four years property in this state has been destroyed as the result of Fourth of July fireworks to the value of two and a half million dollars.

"It is not generally realized," says Superintendent Revelle, "the great loss of lives, the number of cripples and the property destroyed resulting from fireworks. During the past four years property valued at two and a half million dollars has been destroyed as the result of a promiscuous use of fireworks and explosives on July 4. Public sentiment is in favor of a safe and sane Fourth of July. This should be encouraged. Where safe and sane celebrations have been tried, they have been found satisfactory, as no accidents from gunpowder occurred and no fires from explosions were reported.

"Where general displays of fireworks are provided by a community for the benefit of all, the display should be given in the evening, and then only under the management and direction of competent persons. Householders should also be put on guard and be prepared for emergencies. Keep buckets filled with water and place them handy for use. Members of fire departments should be interested and lend every aid for a safe and sane celebration.

"This day is never passed without the loss of many lives. It is better to plan for the saving of lives and property before loss occurs than afterward. Killing people and destroying property is no way to show your patriotism and love of country. Merriment is better than mourning and if cannon crackers, etc., are used in your town, your own home may be one of mourning."

Return to Their Home.

Mrs. M. D. Coleman and Mrs. D. T. Karr of Cherryvale, Kan., and O. F. Coleman of Jefferson, Kan., who were called to Hopkins Monday to attend the funeral services of Robert Coleman, returned to their home Tuesday.

1ST GAME JULY 2

HOLLOWELL SIGNS OVER PARK LEASE TO NEW LEAGUE.

ED KECK IS PRESIDENT

Players' Contracts Ready in Few Days —Season Ticket Sale Begins This Week.

Manager True Hollowell of the All Stars signed his lease of Riffe's ball park over to the new city league yesterday. All the players have agreed to sign contracts, and the season's games will start Thursday, July 2.

Ed Keck has been elected president of the league and has accepted the office. J. F. Hull, president of the commercial club, is vice president of the league, and Rev. S. D. Harkness, pastor of the First Presbyterian church, is secretary and treasurer.

Last night a committee was appointed by the association to draw up a player's contract. The members of it are Ed Keck, Rev. Robert L. Finch, pastor of the First Christian church, and Cleve Funk. The Rev. Mr. Finch is out of town and will not return until Friday, but at that time the committee will meet to draft a contract. It will be modeled after the contracts of the major leagues in order to insure a higher standard among the players and give a better class of ball. The players will sign the contracts as soon as they are ready.

The president and secretary of the league will meet soon to arrange the schedule. Each team will play one game a week, or thirteen games during the season, which ends the last Tuesday in September.

The sale of season tickets will begin the latter part of this week and will close the day before the season opens. No season tickets will be sold after July 1. They will cost $1.50 and will be good for all of the twenty-six scheduled games and for all postponed games. The receipts from this ticket sale will go toward the $500 purse that is to be divided equally among the four teams.

"FOOD COMES BEFORE STUDIES."

Dr. J. W. Withers Tells Students Money Spent For Education is Useless if Child is Hungry.

"Money spent in educating children who are hungry is practically wasted," said J. W. Withers, president of Harris Teachers college of St. Louis, in an address to the Normal students this morning. "The cities have come to the belief that it is their function to see that the children who come to the public schools are well enough nourished to enable them to do school work efficiently."

This the speaker said illustrated the modern educational view that all the teacher or the school can do in the way of educating a child is to manipulate the environment. Then he went on to say in substance that heredity gives the child certain powers and possibilities. it is the work of the teacher to surround the child with such influences as will lead him to exercise his inherited powers along the right lines. If the teacher is to be able to get the child to exercise his inherited powers in the right way she must have special training. The old belief was that a teacher could get along on personality, inspiration and pleasing ways. The modern belief is that this personality must be supplemented by careful scientific training.

Dr. Withers also spoke to the class in school administration this afternoon on some special phases of that work.

FIVE GO TO B. Y. P. U. MEETING.

Maryville Delegates Will Attend the International Convention in Kansas City Next Week.

Five members of the local Baptist Young People's Union have volunteered to go as delegates to the international convention of Baptist young people, which meets in Kansas City, July 2 to 5. They are Miss Helen Burris, Miss Eva Davis, John Davis, L. F. Yowell and Rev. Lewis M. Hale. They will leave a week from Thursday.

The convention is to be one of the largest religious gatherings of young people in this country, and one of the principal topics will be that of church union. The convention itself will be a united one of the Southern and Northern Baptist societies.

The five persons who agreed to go from here did so at a meeting last Sunday night when few were present. Others may agree to go.

BEGIN TWO MONTHS AUTO TRIP.

Family of J. W. Miller of Barnard Left Today On Long Tour—Will Camp in Minnesota.

Mr. and Mrs. J. W. Miller and children of Barnard left today on a two months motoring and camping trip. They passed through Maryville about 9 o'clock this morning.

The route of their journey is not definite. They intend to go wherever the notion of the moment leads them and stay as long as they desire. Ultimately, however, they intend to reach the Minnesota lakes, where they will camp for some time. They may go to Colorado.

The Miller car looked the part of a true camper's machine as it passed through here this morning. Tent poles, stakes, ropes, axes, boxes and canvass bags were strapped on the car on all sides.

ANNUAL W. C. T. U. PICNIC.

Big Affair Held at Hiles Country Home Wednesday.

The annual picnic of the Burlington Junction and Rural W. C. T. U. associations was held Wednesday at the country home of Mr. and Mrs. H. C. Hiles, six miles southwest of Burlington Junction. About one hundred persons gathered to enjoy the dinner which was served at noon on the lawn. Mrs. Elizabeth G. Emmons of Mexico, Mo., state organizer of the W. C. T. U., met with the associations and gave a splendid address in the afternoon. On Tuesday afternoon Mrs. Emmons met with the Quitman society and a very interesting meeting was held in the Quitman school house, which was attended by a big crowd of members and people interested in the work.

BUYS $2500 ORGAN

IT IS COMBINED WITH PIANO AND ORCHESTRAL INSTRUMENTS.

TO BE PLAYED MONDAY

Albert Kuchs Installs It in Empire Theater—New Independent Films Show Best Dramas.

Today E. B. Nelson and A. E. Roubeick, representatives of the Rudolph Wurlitzer company, began installing a $2,500 symphony orchestral combination player in the Empire theatre. Manager Albert Kuchs is putting in this instrument in connection with his motion pictures. The player is a combination of pipe organ, piano and orchestral instruments, which can be played separately or together. It will be installed and ready for use next Monday night.

Many of the larger theatres and motion picture houses of the country have been installing such instruments in the last few years. With motion pictures they have been found especially valuable, for the reason that the music can follow the scene. For religious pictures, weddings and similar scenes the pipe organ can be used. For dancing scenes, parades on all other pictures the orchestra or piano can be used.

The Wurlitzer company will send a professional organist here to play the instrument for a while and will instruct Miss Ola Smith, pipe organist of the First Presbyterian church in its use.

The men who are putting the organ in the theatre will tune it and get it into the best of condition for the first night's use, Monday, June 29. It is so built that the pipes of the organ are concealed, but at any time diapason pipes can be added, giving it the appearance and volume of a regular church organ. The instrument is equipped with automobile horns, steam boat whistles and all appliances to give the necessary stage effects.

Mr. Kuchs has also changed his film service. He has been handling the trust pictures, but beginning next Monday night he will use independent films. He has secured a series of films showing some of the best dramas of recent years and several features. Monday night, June 29, he will show the "Third Degree" and July 4, the "Lion and the Mouse." Beginning July 13, he will show the first number of a feature film, "The Million Dollar Mystery." This film is attracting attention throughout the country because a $10,000 prize has been offered for the best one-hundred-word solution of the mystery which is turned in at the end of the series. The story of the film was written by Harold MacGrath.

Tonight Mr. Kuchs will show a comic feature film, "Caught at the Cabaret."

John Borrusch Pays His Fine.

John Borrusch, who was arrested yesterday morning on the complaint of Pearl Taylor, charged with drunkenness and disturbance of the peace, and who pleaded not guilty, giving bond to appear this morning, but who went out and got drunk and was arrested later in the morning, pleaded guilty before Mayor Wright this morning to all three charges. His fines and costs amounted to $34.30.

THINK OF THIS, MR. MERCHANT.

Mr. Merchant, as an advertiser you know the difference between white-space ads and the other kind. You know that the former are much better.

You know that an ad or a page of ads made up of heavy black type all crowded together is meaningless. Nothing stands out clearly, one line runs into another line, and one ad runs into another ad. In order to be seen, an ad in a page of that kind has to be sought for; it does not compel attention.

On the other hand, the white space ad is seen by the reader as he merely glances over the paper. Its smaller type, set with wider spacing and surrounded by a generous margin gives it a neat and individual appearance. It stands apart from other ads on the same page.

Now isn't the sign on the front of your store an ad? If you put up a large sign across the sidewalk, and if your neighbors on either side do the same, won't the result be the same as the big type, crowded ad? Your neighbor's sign will cut off your sign from view, and yours will his. Your sign will not be seen until it is reached, and then being so nearly directly overhead probably will not be noticed except by a few.

Can't the white-space ad idea be applied to your sign? A neat sign flat against the building, with your whole store front for a background, will be more individual than the other kind. It will not be shut from view by other signs, the general effect will not be so crowded and it will be seen by as many if not more persons than will the other kind.

Isn't it the same principle? And you know the white-space ad pays.

A Higher Price Does Not Insure a Higher Value

ONE of the most misleading and most misunderstood things about automobiles is their prices. Because one car is priced at from 30 to 40 per cent higher than another car it does not follow that the former car is worth more money. A higher price is no sign of explanation of superiority. In fact the unfortunate experience of thousands has proved that in most cases **just the reverse is true.**

Other cars cost more, because other manufacturers do not build 50,000 cars in a single season and therefore cannot produce as economically as we can.

For that reason we urge you to be guided not alone by the bare price of a car, **but rather by its reputation,** performance and specifications.

In no other car *But The Overland* do you get all of these costly features—*Unless You Pay a Much Higher Price*

—a powerful and economical 35 horsepower motor.

—a long wheelbase of 114 inches.

—33 inch x 4 inch tires.

—large, positive and powerful brakes

—a big, roomy and comfortable tonneau.

—genuine hand-buffed leather and tufted upholstery.

—complete equipment of the very highest grade.

—a gracefully fashioned and magnificently finished Brewster green body —snappy and modish lines.

—a chassis, the parts of which are made of the finest special formulae steels, and are as accurate, precise and as lasting, both in measurement and performance, as the corresponding parts of the highest priced cars.

Yet this represents but a very meager portion of the greater Overland value. But it is such value that has enabled us to sell more cars of this type than any other manufacturer in the world.

Why should you pay a higher price for some other car when the other car gives you no more, and in a great many respects, not as much value as you get in the Overland?

Why should you?

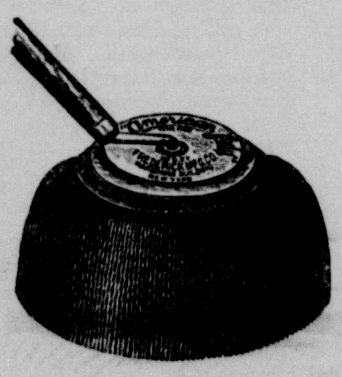
Demonstration and Sale of American Lady Oil Mops All This Week.



Disinfectant, Antiseptic, Deodorant, Insecticide, Germicide

Endorsed by highest authorities on hygiene and sanitary housekeeping.

It dusts, cleans, and polishes, all in one operation. The heavy felt polisher (an exclusive American Lady feature) rubs the oil in and forces it to combine with the varnish or other finish on the floor giving a finish not obtainable with ordinary mops.

It can't mar the furniture—a heavy soft rubber protecting ring prevents every possibility even when the mop is used carelessly.

The handle construction is designed to make it possible to reach under radiators and other places inaccessible to other mops.

The highest grade of long staple yarn is used. This yarn is chemically treated which enables it to absorb the maximum amount of American Lady Cedar Oil and retains it for months without renewal.

Special Demonstration price of $1 50 American Lady Oil mops $1.19

Haudenschield-Plagge.

The marriage of Miss Gertrude C. Haudenschield and Mr. Clarence F. Plagge of Barrington, Ill., took place at 1 o'clock Wednesday at the suburban home of Mrs. J. V. Embree, southwest of the city. The ring ceremony was used, and the marriage service was read by the bride's father, Rev. C. R. Haudenschield. The Embree home was attractively decorated with garden flowers and bridal wreath. The details of the wedding were very simply observed and the ceremony was witnessed by only the immediate family. A wedding dinner followed the ceremony. Mr. and Mrs. Plagge left on the afternoon train for a honeymoon trip east, after which they will be at home at Barrington. The bride and her parents have been spending the past two months at the home of Mrs. Haudenschield's mother, Mrs. Embree, coming here from their home in Los Angeles. She has made her home in Maryville at intervals during the school vacations, and graduated the past spring from Baker university, Baldwin, Kan. Mr. Plagge is a merchant at Barrington.

State Nursery and Orchard Inspection

(By Leonard Haseman)

The Inspection Service of the Missouri Agricultural Experiment Station will soon begin its second year's work of inspection of nurseries and orchards. This work is done in connection with the enforcement of the Inspection Law passed by the last legislature. This law requires that all nursery stock propagated in the state be inspected once each year before the grower can sell it or otherwise dispose of it. This is done to prevent the further spread of dangerous insects and plant diseases on such stock. There are in the state between 125 and 150 men and firms propagating nursery stock which includes not only fruit trees, but also shade trees, ornamental shrubs, vines, blackberries, raspberries and in fact, all woody plants grown out of doors. The law requires all men and firms propagating such stock to apply to the Chief Inspector, Columbia, Missouri, for an inspection of such stock before the first of July of each year, so that all of the stock can be inspected during the months of July and August when the State Inspectors are devoting their entire time to such work.

The state law requires that all men and firms who are not propagating nursery stock but who buy and sell it under their own name as dealers, jobbers, tree planters, landscape architects, etc., must apply for a Dealer's Certificate. All regular agents representing Missouri nurseries or nurseries in other states must secure a state agent's permit by applying at the office of the Chief Inspector.

In order to make the work of the Inspection Service the most effective possible and in order to protect the horticultural and agricultural interests of the state as they should be protected the Chief Inspector desires that nurserymen, dealers' agents, farmers and others who are interested in the inspection work, report to this office all information regarding the growing and handling of nursery stock and cases of outbreaks of destructive insect pests, such as San Jose Scale and the like. This will help the Inspection Service extend its work and give aid where it is needed.

BOSTON BEAUTY SPECIALIST TO VISIT MARYVILLE

Ed G. Orear Looks Forward to Large Crowds During Her Week's Stay at the Rexall Store

Will Give Number of Free Facial Massages and Personal Advice in Your Home by Appointment.

An opportunity which is sure to prove as beneficial as it is rare will be afforded the women of Maryville and vicinity when Mrs. H. L. Long, the much talked of Beauty Specialist, now wtouring Missouri as representative of the United Drug Company of Boston—creators of the many Harmony Beauty Requisites and equally well known toilet preparations, starts her public demonstrations for the week commencing Monday, June 29, as the guest of Mr. E. G. Orear, proprietor of the Rexall Store and sole distributor of the Harmony Toilet Products in Maryville.

Mrs. Long contends that it is the privilege of every woman to take advantage of anything that will tend to lend a touch of added beauty to the skin; but, says Mrs. Long, "extreme care should be exercised to choose only such preparations that really do help nature in the beautifying of your complexion.

"Of course no one will question the assertion that the woman with the clean, well preserved skin is a much admired person anywhere," and, she continues, "if the woman of today would only take the care to treat the skin to the benefits of a good massage that she takes in reading the household section of the paper, we would see fewer wrinkles, and more, yet, a great many more women young at fifty."

We have no doubt about Mrs. Long's ability to offer the women of Maryville some very valuable advice, and Mr. Orear will, we feel sure, have a store full of the "fairer sex" during Mrs. Long's stay at The Rexall Store.

Mr. Orear tells us that he has a real beauty treat in store for the women of Maryville, so you'd better get ready for Mrs. Long's arrival, ladies. —Advertisement.

TWP. ROAD WORK

BUILD 31 CULVERTS AND ARCHES IN THREE WEEKS.

6 GANGS ON THE JOB

Trustee's Report Shows First of Permanent Construction Under $50,000 Bond Issue Costs $3,723.58.

For the last three weeks men have been busy at work in the different parts of Polk township building culverts and bridges, the first of the work done under the $50,000 bond issue for the permanent improvement of the township roads. In that time thirty-one concrete culverts and arches have been built at a cost of $3,723.58.

Five gangs of men have been doing the work, and have been putting in an average of ten culverts a day. Today a sixth gang was put on the roads and the work will progress faster. At this rate the township roads are rapidly being put into first class condition, and the best part of it is that the work will last; it will not have to be repaired every few months.

E. H. Bainum, township trustee, has just completed a report of the work done in the last three weeks, the number of culverts and arches, their location, and an itemized account of the material that went into each, together with the total cost.

LIST OF READING CIRCLE BOOKS.

Supt. Oakerson, Member of State Board, Helps Select Readings For Teachers and Pupils.

County Superintendent Oakerson was in Jefferson City this week meeting with the state reading circle board, which selected the list of books for the teachers and pupils of the country and grade schools for next year. But two books were chosen for the teachers, "Teaching the Common Branches," by Dean W. W. Charters of the school of education of the University of Missouri, and "Education for Efficiency," by Davenport.

The list of books for pupils is:

Class A—"Cotter's Saturday Night," Thoreau's "Succession of Forest Trees," Dickens' "Christmas Carol," Irving's "Legend of Sleepy Hollow," "Enoch Arden," "Ivanhoe," Musick's "Stories of Missouri,' "The Merchant of Venice," "Hans Brinker" and "Around the World."

WILSON AND BAD BUSINESS.

The Commoner Upholds Stand of President in Regard to Financial Depression.

The efforts of those who have been receiving an undue advantage at the hands of the government to "manufacture" a business depression have been exposed by President Wilson.

Monopoly, through its various channels of communication, is endeavoring to have congress adjourn without passing the anti-trust bills that will protect the public from the many forms of oppression that they have suffered from for years past. The plan of the "interests" is to have big business houses write letters to their customers and request them to write the president, their congressmen and senators and demand that all trust legislation be abandoned for the present and that congress adjourn and go home, etc., on the pretext that the effort of the president to protect the people from monopoly is hurting business.

Chambers of commerce, commercial clubs, and other business organizations are being requested by various interested groups to pass resolutions requesting that the railroads be given permission to raise their freight rates 5 per cent and that no anti-trust legislation be passed at the present session of congress. The president is to be commended for his prompt action in giving publicity to the "manufactured" business depression scheme, and for his insistence that the anti-trust bills shall be passed before congress adjourns.

Now is the time for every citizen who believes in "equal rights to all and special privileges to none" to take an interest in what is going on at Washington President Wilson is fighting for legislation to protect the people against monopoly. The reactionary senators and representatives in congress, supported by "big business," are endeavoring to block action by the senate and to force adjournment. If you believe in the Democratic platform adopted at Baltimore; if you believe the people are entitled to an "even break" with monopoly before the law; if you believe in the anti-trust bills now before the senate; if you believe in the honesty of purpose of Woodrow Wilson; if you believe that it will be better for business and all concerned to settle the trust question now, rather than keep the matter in doubt until next fall or winter, wire or write your senators and congressmen at once and give them your opinion as to whether they should stand by the president or stand with those who are opposing the president. Now is the time to secure the reform legislation the Democrats have been promising for twenty years. Your senators and congressmen are entitled to hear from you on these important matters. Don't delay, but wire or write them at once. —The Commoner.

COUNTY'S FOURTH

HOPKINS AND CONCEPTION JUNCTION WILL CELEBRATE.

DANGER IN FIREWORKS

Nodaway Will Be Comparatively Quiet Insurance Commissioner Issues Warning Against Carelessness.

The Fourth of July is but ten days off, and Nodaway county as a whole will be comparatively quiet and sane. For the first time in several years Maryville will not have a celebration. Hopkins and Conception Junction are the only towns in the county that are going to celebrate.

The complete programs for these towns have not been fully arranged, but they expect to make a big day of it. Both towns have shady places where their day's events will be held. The Hopkins celebration will take place in the new city park and the one at Conception Junction will be held in a grove at the edge of town, on the banks of the Platte river. Enough speeches, music, contests, attractions and fireworks will be provided to keep the day a busy one.

Although the sale of fireworks has become more restricted from year to year, and those sold here are of the smaller and safer kind, yet too much care cannot be taken with any of them. The fact that the day will be a comparatively quiet one over the county does not entirely mitigate the danger. Wherever fireworks are there is danger.

Charles G. Revelle, state superintendent of insurance, is out with a warning against the promiscuous use of fireworks and firecrackers on the Fourth of July. He calls attention to the fact that during the past four years property in this state has been destroyed as the result of Fourth of July fireworks to the value of two and a half million dollars.

"It is not generally realized," says Superintendent Revelle, "the great loss of lives, the number of cripples and the property destroyed resulting from fireworks. During the past four years property valued at two and a half million dollars has been destroyed as the result of a promiscuous use of fireworks and explosives on July 4. Public sentiment is in favor of a safe and sane Fourth of July. This should be encouraged. Where safe and sane celebrations have been tried, they have been found satisfactory, as no accidents from gunpowder occurred and no fires from explosions were reported.

"Where general displays of fireworks are provided by a community for the benefit of all, the display should be given in the evening, and then only under the management and direction of competent persons. Householders should also be put on guard and be prepared for emergencies. Keep buckets filled with water and place them handy for use. Members of fire departments should be interested and lend every aid for a safe and sane celebration.

"This day is never passed without the loss of many lives. It is better to plan for the saving of lives and property before loss occurs than afterward. Killing people and destroying property is no way to show your patriotism and love of country. Merriment is better than mourning and if cannon crackers, etc., are used in your town, your own home may be one of mourning."

Return to Their Home.

Mrs. M. D. Coleman and Mrs. D. T. Karr of Cherryvale, Kan., and O. F. Coleman of Jefferson, Kan., who were called to Hopkins Monday to attend the funeral services of Robert Coleman, returned to their home Tuesday.

1ST GAME JULY 2

HOLLOWELL SIGNS OVER PARK LEASE TO NEW LEAGUE.

ED KECK IS PRESIDENT

Players' Contracts Ready in Few Days —Season Ticket Sale Begins This Week.

Manager True Hollowell of the All Stars signed his lease of Riffe's ball park over to the new city league yesterday. All the players have agreed to sign contracts, and the season's games will start Thursday, July 2.

Ed Keck has been elected president of the league and has accepted the office. J. F. Hull, president of the commercial club, is vice president of the league, and Rev. S. D. Harkness, pastor of the First Presbyterian church, is secretary and treasurer.

Last night a committee was appointed by the association to draw up a player's contract. The members of it are Ed Keck, Rev. Robert L. Finch, pastor of the First Christian church, and Cleve Funk. The Rev. Mr. Finch is out of town and will not return until Friday, but at that time the committee will meet to draft a contract. It will be modeled after the contracts of the major leagues in order to insure a higher standard among the players and give a better class of ball. The players will sign the contracts as soon as they are ready.

The president and secretary of the league will meet soon to arrange the schedule. Each team will play one game a week, or thirteen games during the season, which ends the last Tuesday in September.

The sale of season tickets will begin the latter part of this week and will close the day before the season opens. No season tickets will be sold after July 1. They will cost $1.50 and will be good for all of the twenty-six scheduled games and for all postponed games. The receipts from this ticket sale will go toward the $500 purse that is to be divided equally among the four teams.

"FOOD COMES BEFORE STUDIES."

Dr. J. W. Withers Tells Students Money Spent For Education is Useless if Child is Hungry.

"Money spent in educating children who are hungry is practically wasted," said J. W. Withers, president of Harris Teachers college of St. Louis, in an address to the Normal students this morning. "The cities have come to the belief that it is their function to see that the children who come to the public schools are well enough nourished to enable them to do school work efficiently."

This the speaker said illustrated the modern educational view that all the teacher or the school can do in the way of educating a child is to manipulate the environment. Then he went on to say in substance that heredity gives the child certain powers and possibilities. It is the work of the teacher to surround the child with such influences as will lead him to exercise his inherited powers along the right lines. If the teacher is to be able to get the child to exercise his inherited powers in the right way she must have special training. The old belief was that a teacher could get along on personality, inspiration and pleasing ways. The modern belief is that this personality must be supplemented by careful scientific training.

Dr. Withers also spoke to the class in school administration this afternoon on some special phases of that work.

FIVE GO TO B. Y. P. U. MEETING.

Maryville Delegates Will Attend the International Convention in Kansas City Next Week.

Five members of the local Baptist Young People's Union have volunteered to go as delegates to the international convention of Baptist young people, which meets in Kansas City, July 2 to 5. They are Miss Helen Burris, Miss Eva Davis, John Davis, L. F. Yowell and Rev. Lewis M. Hale. They will leave a week from Thursday.

The convention is to be one of the largest religious gatherings of young people in this country, and one of the principal topics will be that of church union. The convention itself will be a united one of the Southern and Northern Baptist societies.

The five persons who agreed to go from here did so at a meeting last Sunday night when few were present. Others may agree to go.

BEGIN TWO MONTHS AUTO TRIP.

Family of J. W. Miller of Barnard Left Today On Long Tour—Will Camp in Minnesota.

Mr. and Mrs. J. W. Miller and children of Barnard left today on a two months motoring and camping trip. They passed through Maryville about 9 o'clock this morning.

The route of their journey is not definite. They intend to go wherever the notion of the moment leads them and stay as long as they desire. Ultimately, however, they intend to reach the Minnesota lakes, where they will camp for some time. They may go to Colorado.

The Miller car looked the part of a true camper's machine as it passed through here this morning. Tent poles, stakes, ropes, axes, boxes and canvass bags were strapped on the car on all sides.

ANNUAL W. C. T. U. PICNIC.

Big Affair Held at Hiles Country Home Wednesday.

The annual picnic of the Burlington Junction and Rural W. C. T. U. associations was held Wednesday at the country home of Mr. and Mrs. H. C. Hiles, six miles southwest of Burlington Junction. About one hundred persons gathered to enjoy the dinner which was served at noon on the lawn. Mrs. Elizabeth G. Emmons of Mexico, Mo., state organizer of the W. C. T. U., met with the associations and gave a splendid address in the afternoon. On Tuesday afternoon Mrs. Emmons met with the Quitman society and a very interesting meeting was held in the Quitman school house, which was attended by a big crowd of members and people interested in the work.

BUYS $2500 ORGAN

IT IS COMBINED WITH PIANO AND ORCHESTRAL INSTRUMENTS.

TO BE PLAYED MONDAY

Albert Kuchs Installs It in Empire Theater—New Independent Films Show Best Dramas.

Today E. B. Nelson and A. E. Roubeick, representatives of the Rudolph Wurlitzer company, began installing a $2,500 symphony orchestral combination player in the Empire theatre. Manager Albert Kuchs is putting in this instrument in connection with his motion pictures. The player is a combination of pipe organ, piano and orchestral instruments, which can be played separately or together. It will be installed and ready for use next Monday night.

Many of the larger theatres and motion picture houses of the country have been installing such instruments in the last few years. With motion pictures they have been found especially valuable, for the reason that the music can follow the scene. For religious pictures, weddings and similar scenes the pipe organ can be used. For dancing scenes, parades on all other pictures the orchestra or piano can be used.

The Wurlitzer company will send a professional organist here to play the instrument for a while and will instruct Miss Ola Smith, pipe organist of the First Presbyterian church in its use.

The men who are putting the organ in the theatre will tune it and get it into the best of condition for the first night's use, Monday, June 29. It is so built that the pipes of the organ are concealed, but at any time diapason pipes can be added, giving it the appearance and volume of a regular church organ. The instrument is equipped with automobile horns, steam boat whistles and all appliances to give the necessary stage effects.

Mr. Kuchs has also changed his film service. He has been handling the trust pictures, but beginning next Monday night he will use independent films. He has secured a series of films showing some of the best dramas of recent years and several features. Monday night, June 29, he will show the "Third Degree" and July 4, the "Lion and the Mouse." Beginning July 13, he will show the first number of a feature film, "The Million Dollar Mystery." This film is attracting attention throughout the country because a $10,000 prize has been offered for the best one-hundred-word solution of the mystery which is turned in at the end of the series. The story of the film was written by Harold MacGrath.

Tonight Mr. Kuchs will show a comic feature film, "Caught at the Cabaret."

John Borrusch Pays His Fine.

YOUR HAIR NEEDS PARISIAN SAGE

It Quickly Removes Dandruff.

Just because your hair is full of dandruff, thin, streaky, dull and never will do up to look pretty, do not despair. Beautiful hair, thick, fluffy, lustrous and absolutely free from dandruff is only a matter of care.

Parisian Sage frequently applied will work wonders. Just one application stops itching head, removes dandruff and all excessive oil. It goes right to the hair roots and furnishes the nourishment needed—the hair becomes soft, fluffy, abundant and radiant with life.

Parisian Sage not only saves the hair but stimulates it to grow long and heavy. Get a 50-cent bottle from T. J. Parle at once. There is no other Just as good.

THINK OF THIS, MR. MERCHANT.

Mr. Merchant, as an advertiser you know the difference between white-space ads and the other kind. You know that the former are much better.

You know that an ad or a page of ads made up of heavy black type all crowded together is meaningless. Nothing stands out clearly, one line runs into another line, and one ad runs into another ad. In order to be seen, an ad in a page of that kind has to be sought for; it does not compel attention.

On the other hand, the white space ad is seen by the reader as he merely glances over the paper. Its smaller type, set with wider spacing and surrounded by a generous margin gives it a neat and individual appearance. It stands apart from other ads on the same page.

Now isn't the sign on the front of your store an ad? If you put up a large sign across the sidewalk, and if your neighbors on either side do the same, won't the result be the same as the big type, crowded ad? Your neighbor's sign will cut off your sign from view, and yours will his. Your sign will not be seen until it is reached, and then being so nearly directly overhead probably will not be noticed except by a few.

Can't the white-space ad idea be applied to your sign? A neat sign flat against the building, with your whole store front for a background, will be more individual than the other kind. It will not be shut from view by other signs, the general effect will not be so crowded and it will be seen by as many if not more persons than will the other kind.

Isn't it the same principle? And you know the white-space ad pays.

A Higher Price Does Not Insure a Higher Value

ONE of the most misleading and most misunderstood things about automobiles is their prices. Because one car is priced at from 30 to 40 per cent higher than another car it does not follow that the former car is worth more money. A higher price is no sign of explanation of superiority. In fact the unfortunate experience of thousands has proved that in most cases **just the reverse is true.**

Other cars cost more, because other manufacturers do not build 50,000 cars in a single season and therefore cannot produce as economically as we can.

For that reason we urge you to be guided not alone by the bare price of a car, **but rather by its reputation,** performance and specifications.

In no other car *But The Overland* do you get all of these costly features—*Unless You Pay a Much Higher Price*

—a powerful and economical 35 horsepower motor.

—a long wheelbase of 114 inches.

—33 inch x 4 inch tires.

—large, positive and powerful brakes

—a big, roomy and comfortable tonneau.

—genuine hand-buffed leather and tufted upholstery.

—complete equipment of the very highest grade.

—a gracefully fashioned and magnificently finished Brewster green body —snappy and modish lines.

—a chassis, the parts of which are made of the finest special formulae steels, and are as accurate, precise and as lasting, both in measurement and performance, as the corresponding parts of the highest priced cars.

Yet this represents but a very meager portion of the greater Overland value. But it is such value that has enabled us to sell more cars of this type than any other manufacturer in the world.

Why should you pay a higher price for some other car when the other car gives you no more, and in a great many respects, not as much value as you get in the Overland?

Why should you?

J. White of Pleasanton, Kan.

M. I. Circle Garden Party.

Tuesday evening at the suburban home of Mr. and Mrs. Oliver Garrett, the members of the M. I. Circle and its husbands and friends gathered to celebrate the midsummer social event with a garden party and picnic supper. The occasion was one of the most delightful affairs and was full of pleasing enjoyment for every one. Supper was spread on the lawn at 6 o'clock. The lawn had been lit with electric lights for the evening, and after the dining, progressive dominoes were played. About sixty were present, including the members and guests. The visiting friends were Walter Mutz and daughters, Isora and Jeanette; Miss Edith Holt, James Sherb, Omar Catterson, Mrs. J. D. Ford, Mr. and Mrs. Hal Catterson and family, Mrs. William Burris, Mrs. Charles Wilson of Okmulgee, Okla.; Miss Leska Wray, Miss Gladys Morehouse, I. W. Cook, Mr. and Mrs. Hal Hooker, Miss Halcyon Hooker and Oliver Garrett and family.

Lawn Party at Willhoyte Home.

Mrs. M. J. Willhoyte entertained a large number of friends at a lawn party Tuesday evening at her country home, west of the city, in honor of Mr. and Mrs. Ward Miller of St. Petersburg, Fla., who are her guests. In entertaining Mrs. Willhoyte was assisted by her daughters, Mrs. Delbert Vert, Mrs. Orville Willhoyte, Mrs. Arch Willhoyte and Miss Maude Willhoyte. The evening was spent informally and supper was served on the lawn. The guests were Mr. and Mrs. Miller, Mr. and Mrs. Virgil Guthrie, Mr. and Mrs. John Vert, Mr. and Mrs. James Vert, Mr. and Mrs. Maynerd Vert, Mr. and Mrs. Delbert Vert, Mr. and Mrs. William Job, Mr. and Mrs. Will Job, Jr., Mr. and Mrs. John Deardorf, Mr. and Mrs. Paul Swinford, Mr. and Mrs. W.

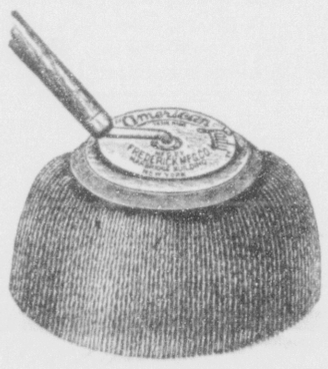
Demonstration and Sale of American Lady Oil Mops All This Week.



Disinfectant, Antiseptic, Deodorant, Insecticide, Germicide

Endorsed by highest authorities on hygiene and sanitary housekeeping.

It dusts, cleans, and polishes, all in one operation. The heavy felt polisher (an exclusive American Lady feature) rubs the oil in and forces it to combine with the varnish or other finish on the floor giving a finish not obtainable with ordinary mops.

It can't mar the furniture—a heavy soft rubber protecting ring prevents every possibility even when the mop is used carelessly.

The handle construction is designed to make it possible to reach under radiators and other places inaccessible to other mops.

The highest grade of long staple yarn is used. This yarn is chemically treated which enables it to absorb the maximum amount of American Lady Cedar Oil and retains it for months without renewal.

Special Demonstration price of $1 50 American Lady Oil mops $1.19

Special Demonstration price of American Girl mop 69c

American Lady Cedar Oil Polish for furniture or floors, all size packages..... 25c, 50c, $1.00

Haudenschield-Plagge.

The marriage of Miss Gertrude C. Haudenschield and Mr. Clarence F. Plagge of Barrington, Ill., took place at 1 o'clock Wednesday at the suburban home of Mrs. J. V. Embree, southwest of the city. The ring ceremony was used, and the marriage service was read by the bride's father, Rev. C. R. Haudenschield. The Embree home was attractively decorated with garden flowers and bridal wreath. The details of the wedding were very simply observed and the ceremony was witnessed by only the immediate family. A wedding dinner followed the ceremony. Mr. and Mrs. Plagge left on the afternoon train for a honeymoon trip east, after which they will be at home at Barrington. The bride and her parents have been spending the past two months at the home of Mrs. Haudenschield's mother, Mrs. Embree, coming here from their home in Los Angeles. She has made her home in Maryville at intervals during the school vacations, and graduated the past spring from Baker university, Baldwin, Kan. Mr. Plagge is a merchant at Barrington.

State Nursery and Orchard Inspection

(By Leonard Haseman)

The Inspection Service of the Missouri Agricultural Experiment Station will soon begin its second year's work of inspection of nurseries and orchards. This work is done in connection with the enforcement of the Inspection Law passed by the last legislature. This law requires that all nursery stock propagated in the state be inspected once each year before the grower can sell it or otherwise dispose of it. This is done to prevent the further spread of dangerous insects and plant diseases on such stock. There are in the state between 125 and 150 men and firms propagating nursery stock which includes not only fruit trees, but also shade trees, ornamental shrubs, vines, blackberries, raspberries and in fact, all woody plants grown out of doors. The law requires all men and firms propagating such stock to apply to the Chief Inspector, Columbia, Missouri, for an inspection of such stock before the first of July of each year, so that all of the stock can be inspected during the months of July and August when the State Inspectors are devoting their entire time to such work.

The state law requires that all men and firms who are not propagating nursery stock but who buy and sell it under their own name as dealers, jobbers, tree planters, landscape architects, etc., must apply for a Dealer's Certificate. All regular agents representing Missouri nurseries or nurseries in other states must secure a state agent's permit by applying at the office of the Chief Inspector.

In order to make the work of the Inspection Service the most effective possible and in order to protect the horticultural and agricultural interests of the state as they should be protected the Chief Inspector desires that nurserymen, dealers' agents, farmers and others who are interested in the inspection work, report to this office all information regarding the growing and handling of nursery stock and cases of outbreaks of destructive insect pests, such as San Jose Scale and the like. This will help the Inspection Service extend its work and give aid where it is needed.

BOSTON BEAUTY SPECIALIST TO VISIT MARYVILLE

Ed G. Orear Looks Forward to Large Crowds During Her Week's Stay at the Rexall Store

Will Give Number of Free Facial Massages and Personal Advice in Your Home by Appointment.

An opportunity which is sure to prove as beneficial as it is rare will be afforded the women of Maryville and vicinity when Mrs. H. L. Long, the much talked of Beauty Specialist, now wtouring Missouri as representative of the United Drug Company of Boston—creators of the many Harmony Beauty Requisites and equally well known toilet preparations, starts her public demonstrations for the week commencing Monday, June 29, as the guest of Mr. E. G. Orear, proprietor of the Rexall Store and sole distributor of the Harmony Toilet Products in Maryville.

Mrs. Long contends that it is the privilege of every woman to take advantage of anything that will tend to lend a touch of added beauty to the skin; but, says Mrs. Long, "extreme care should be exercised to choose only such preparations that really do help nature in the beautifying of your complexion.

"Of course no one will question the assertion that the woman with the clean, well preserved skin is a much admired person anywhere," and, she continues, "if the woman of today would only take the care to treat the skin to the benefits of a good massage that she takes in reading the household section of the paper, we would see fewer wrinkles, and more, yet, a great many more women young at fifty."

We have no doubt about Mrs. Long's ability to offer the women of Maryville some very valuable advice, and Mr. Orear will, we feel sure, have a store full of the "fairer sex" during Mrs. Long's stay at The Rexall Store.

Mr. Orear tells us that he has a real beauty treat in store for the women of Maryville, so you'd better get ready for Mrs. Long's arrival, ladies. —Advertisement.

Denver Guests at Dragoos.

Mrs. S. F. Gilbert and her grandaughter, Miss Lola McFarland, of Denver, Colo., arrived in Maryville Monday night to visit Mrs. Gilbert's sons, Edward and Albert Dragoo. Maryville is the old home of Mrs. Gilbert and the visitors will remain several weeks.

Mrs. Clark Improving.

Mrs. Solomon Clark of Pickering, who has been very ill for the past month, is improving daily and this week is very much better. Mrs. Clark is the mother of Mrs. E. J. Williams of this city, and she has been at St. Francis hospital for several weeks.
